

Introduction

 This user guide uses screenshots from the internal movingimage company portal as examples. CorporateTube is able to be configured a number of ways—your company's portal may have a different appearance from the screenshots used in this manual.

movingimage CorporateTube is a web-based video portal for company employees to watch, share, tag & rate videos, and upload their own content. It serves as a central hub for learning about company processes and products, and sharing information across departments and teams. The platform features a powerful search engine with filtering, sorting and search options to help users easily find relevant content.

The screenshot displays the movingimage CorporateTube web portal. At the top, the movingimage logo is accompanied by the tagline "Visualize Feedback, Share Knowledge, Show Your Work". The user profile "Elizabeth Walters" and language settings "EN" are visible in the top right. A green navigation bar contains links for "Home", "Company", and "Product", along with an "UPLOAD" button and a search icon. The main content area features a video player for "The Videomanager Pro", which shows a computer monitor displaying the software interface. Below the player, the video title "The Videomanager Pro" is followed by "0 / 5" stars, "41 Plays", and the date "02/07/2018". A description states: "Leverage the power of your video data with configurable multilingual metadata fields. Enrich your video content with essential information, from product numbers to the ability to mark individuals in your videos. Specify an unlimited number of metadata fields of any type, text," with a "Show more" link. To the right, a "Related videos" section lists four additional videos: "The Videomanager Pro App" (13 Plays), "The Town Hall Meeting" (36 Plays), "Tutorial: Publishing" (6 Plays), and "Tutorial: Player Generator" (4 Plays). A "Comments" button is located at the bottom left of the main content area.
