

Favourite Videos

"Favourite Videos" is only available for internal CorporateTube accounts that use Single Sign-on (SSO).

While browsing your company's video portal, you may find several videos you'd like to save for future reference. CorporateTube's pin feature allows you to save these videos together in a list, to make it easier to find them all in one place later. This list is called the "Favourite videos" list.

The screenshot shows the CorporateTube video player interface. At the top, there's a header with the 'movingimage' logo and the tagline 'Visualize Feedback Share Knowledge Show Your Work'. Below the header is a green navigation bar with 'Home', 'Company', and 'Product' menus, along with an 'UPLOAD' button and a search icon. The main content area displays a video player for 'The Videomanager Pro'. The video player shows a thumbnail of a computer monitor displaying a software interface. Below the video player, there's a title 'The Videomanager Pro', a play button icon, '41 Plays', and the date '02/07/2018'. To the right of the title is a rating section showing '0 / 5' stars and a 'Share' button. Below the title, there's a description: 'Leverage the power of your video data with configurable multilingual metadata fields. Enrich your video content with essential information, from product numbers to the ability to mark individuals in your videos. Specify an unlimited number of metadata fields of any type, text,'. Below the description is a 'Show more' link. To the right of the video player is a 'Related videos' section with a list of videos: 'The Videomanager Pro App' (13 Plays, over 1 year ago), 'The Town Hall Meeting' (36 Plays, over 1 year ago), 'Tutorial: Publishing' (6 Plays, over 1 year ago), 'Tutorial: Player Generator' (4 Plays, over 1 year ago), and 'Tutorial: Edit Metadata' (4 Plays, over 1 year ago). At the bottom of the video player, there's a 'Comments' button.

To "pin" or save a video to this list, click the pin icon in the description box beneath the video you'd like to save. The button will be highlighted, to show that the video has been saved, and a success message will be displayed. To "unpin" or remove a video from the list, click the pin button again to un-highlight.

To access the "Favourite videos" list, click your name in the control bar at the top of the page and select it from the drop-down menu.

This screenshot shows the same CorporateTube video player interface as the previous one, but with the user profile dropdown menu open. The dropdown menu is located in the top right corner of the header, below the user name 'Elizabeth Walters'. It contains two options: 'My videos' and 'Favourite videos'. The 'Favourite videos' option is highlighted. The rest of the interface, including the video player and navigation bar, remains the same.
