Removing a Video from the Video List

To remove a video from the video list, follow these steps:

1. Select which video you want to delete.

₽novingimage			elisabeth.walters@acme.com
🖽 All Videos		Upload 💱 🗒	E ceplace Delete
🚓 Channels	+		Q T Add Filter
> CorporateTube	:		6 Videos 🧹 🚺 >
CorporateTube Start Video	:		Welcome Video_480p.mp4
Sales	:	00:16	S Not released
Test Channel	:		③ 0 ⑤ 0 ⑥ 22.10.2021 ♂ 22.10.2021
🗎 Trash	5	MIL	original_video.mp4
		00:09	C Not released
			④ 0 ● 0 ▲ 11.08.2021 € 11.08.2021

2. Then click the [Delete] button. A confirmation dialog is displayed.

Delete Video		×
Do you want to move the selected video to the recycle bin?		
	Cancel	Delete

3. Confirm the deletion of the video by clicking on the [Delete] button. The selected video is first placed in the trash.

By moving the video to trash bin, the video automatically loses its "Release" status. Video files that are moved to the trash are automatically deleted permanently after 30 days, by default (for more detail see chapter: "The Trash").

If you want to delete multiple videos at the same time, select the entries you want to delete in the video list while holding the [Shift] key or by activating the selection boxes. Then click the [Delete] button in the video toolbar. The selected videos will be moved to the trash.
