

Share a Video Download Link

A download link can only be sent if you have previously released the download (see section "[Releasing a Video for Download](#)").

To send a download link, perform the following steps:

1. First, highlight the entry with the video in the video list, the download link you want to send.
2. Open the accordion menu **Video Formats** in the editing area. Here, all available formats of the video and its resolution are listed.

Video Formats		
ORIGINAL	SIZE	
video/quicktime	92.8 MB	
AVAILABLE FORMATS		RESOLUTION
108p (vp8) WEBM	192 x 108	
108p (h.264) MP4	192 x 108	
288p (vp8) WEBM	512 x 288	

3. Now go to the video format in the list which you want to make available as a download.
4. Click on the -icon with the right mouse button. The context menu opens.

Video Formats		
ORIGINAL	SIZE	
video/quicktime	92.8 MB	
AVAILABLE FORMATS		RESOLUTION
108p (vp8) WEBM	192 x 108	
108p (h.264) MP4	192 x 108	
288p (vp8) WEBM	512 x 288	

Open Link in New Tab
Open Link in New Window
Open Link in New Private Window

Save Link As...
Copy Link Location
Search Google for "https://file-1-..."

Inspect Element
Inspect Element with Firebug

5. Click on the entry "Copy link location". Now you can paste the copied link address in an e-mail message of your e-mail program and then send it.

Please keep in mind that for token protection the retrievability of the sent link can expire and no download can be carried out.
