

Introduction

Organize and distribute live or on-demand streams of your corporate events to a global audience with movingimage Webcast.

The WebcastManager takes care of administrative tasks, such as creating clients and users, configuring streaming servers, and managing the webcast.

Learn how to set up a webcast by following the steps outlined in the upcoming chapters

The screenshot displays the Webcast Manager interface. At the top, a green header bar contains the text "Webcast Manager" on the left, "Acme Corporation" in the center with a dropdown arrow, and "Applications", "Help", and "Log out" on the right. Below the header, a dark sidebar on the left lists navigation options: "Elizabeth Walters elizabeth.walters@acme.org", "Webcasts" (highlighted), "Archived Webcasts", "Themes", "VideoManager", "Streaming Server", "Video Conference", and "User". The main content area is titled "Acme Corporation / Webcasts" and includes a "Create" button and a "Quick Create" button. A "Calendar view" button is also present. The list of webcasts includes:

- Product Team Meeting** (red bar): 01.02.2019, 14:05
- Quarterly Meeting - Q4** (yellow bar): 01.02.2019, 14:00
- Dev Team Weekly** (blue bar): 18.12.2018, 19:00

Each item has a vertical bar on the left and a three-dot menu icon on the right.
