

Registration with verification

Description

You may be asked to register for a Webcast event, and you may have to provide a PIN.

This is the case if the "Registration with email verification" and/or "Security" setting is activated in the WebcastManager.

Steps

First, log into the Webcast consumer.

In the login screen, enter your e-mail address and then click the [Request PIN] button.

Enter your e-mail address

A six-digit security PIN will be sent to the specified e-mail address

 If you refresh or close this window, you will need to request a new PIN.

Request PIN

 Registration data can be found in WebcastManager via the "Export user" function (see chapter "[Editing a Webcast](#)" in the WebcastManager manual).

A PIN will then be sent to the e-mail address provided.

Enter your PIN

Enter the six-digit security PIN sent to the specified e-mail address

Submit PIN

Didn't get a PIN? [Click here](#)

In your e-mail inbox, open the e-mail message with the PIN and enter the PIN.

After entering the PIN, you will be taken to the registration page.

Update your personal account.

Please enter your data.

Update

Note that you must agree to storage and processing of your data in accordance with EU General Data Protection Regulations.

You can confirm or change the data before entering the Webcast event.

If the registration link has expired, you will have to register again.
